PAYING

FOR A NAME.

That is looked upon as the very height of folly by a great many people. The trouble is that they don't think far enough. A name is usually worth all you pay for it. The name COULON on a piano makes it worth more than another name. Worth more because Cou-lon stands for honesty of materials, of construction, of purpose. It means that the piano has full, round, melodious tones, a smooth, responsive action, and that it is of great durability. It is a guarantee of these qualities. It is insurance—certainty—and insurance is worth means. worth money. Address for

DO YOU READ?

IF SO

Do you read a cheap story Paper or some Metro solitas Week'y, simply because you get a lot of reading matter for a little money?

Do you get information in those papers about the dist osition of the money you pay the tax collector?

Do they tell you of the things on foot that will cost you heavier taxes, or of attempts to reduce your burdens?

Do they tell you about your schools and churches and crops, so that you may have an intelligent idea of the condition of affairs in your cwn county?

Do they exert themselves to have good roads and other public improvements in your section?

THEY DO NONE OF THESE THINGS.

Your county paper gives you all this information, and to make a specialty of matters of peculiar interest in the county the paper sacrifices s world-wide patronage. It is not taken by people all over the world. If it were, the price could be correspondingly low. The

All new subscribers can have the Sun one year by paying \$2 00 in advance.

All subscribers whose subscription has not expired can have their subscriptions extended one year by paying \$2 00 in ad-

All old subscribers can avail themselves of our liberal offer by settling their back subscription to date and paying \$2 00 in advance.

This offer is only good until and including March 30th, 1894, when the old subscription rate will be restored.

The Sun will still be the largest paper in northern Arizona. It is an eight-page with six columns to the page paper, and will in the future as in the jast, contain the latest general and local news.
